

**Patient Feedback**

Providing excellent care with compassion and patient satisfaction are our top priorities at Axelix Health Consulting, Inc. (AHCI). We strive to meet the needs and expectations of our patients with regards to quality, service, access, and safety.

Patient input and feedback are crucial to AHCI, as it helps us to further enhance our patients' experience and provide the best possible care.

Over the years we have received valuable and positive comments from patients like you. We would like to use some of the comments we receive on our upcoming website ([www.axelixhc.com](http://www.axelixhc.com)) and other resources such as brochures, etc. Kindly fill out the feedback form below and return in the postage paid addressed envelope provided. Be sure to mark whether you give AHCI permission to use your comments on our website and other resources and remember you may remain completely anonymous.

Thank you for taking the time to complete the feedback form. Your comments are greatly appreciated, and we look forward to providing you excellent care again if the need arise.

Feel free to contact the office (440-867-4800) and ask for Abbey if you have any questions.  
Thank you, Olusegun Ogunlesi, MD
